And now your kid knows their ABCs! They learned that J is for jaguar and U is for a unicorn. What other letters and words did they learn?

Your kid can get to know the alphabet even better in our educational kids' games. They'll be able to read words by sounding them out and even write them, and they'll do so with glee. The Live Letters in our apps make learning fun, so dive in for edutainment! Follow the QR code to find out more 🐾
